# CODE REVIEW

- ## CODE PIECE 1

## (a) CURRENT CODE SNIPPET
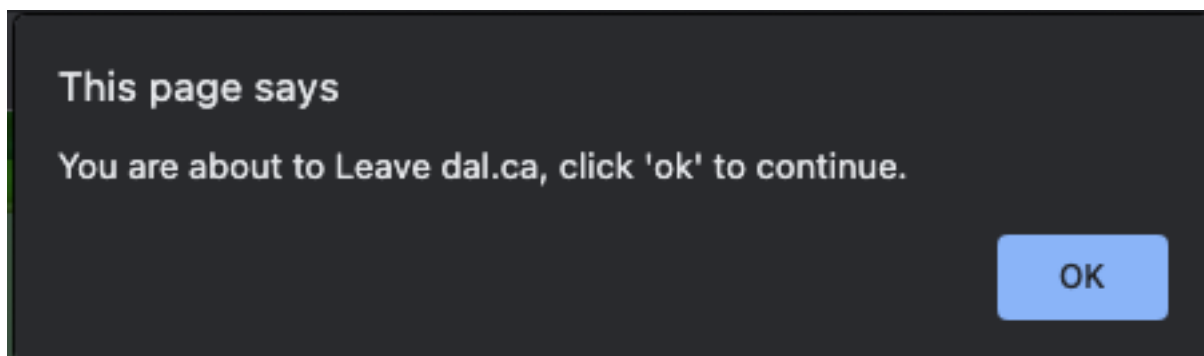

```html
<li class="">
    <a href="http://www.dal.ca/brightspace">Brightspace</a>
</li>
```

## (b) CURRENT OUTCOME

On clicking the "Brightspace" it directly loads the https://dal.brightspace.com/

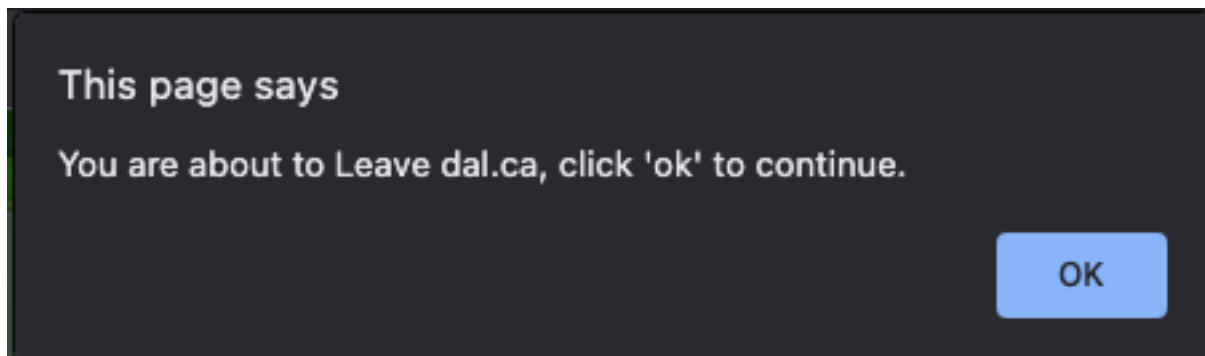

## (c) DESIRED OUTCOME

I want to alert the user after clicking the "Brightspace" section that he is about to leave the webpage and go to another webpage.

## (d) MODIFIED CODE SNIPPET

```html
<li class="">
    <a href="http://www.dal.ca/brightspace" onclick="AlertFunction()"
>Brightspace</a>
    <script type="text/javascript">
        function AlertFunction(){
            alert("You are about to Leave dal.ca, click 'ok' to continue.");
        }
    </script>
</li>
```

## (e) FINAL OUTCOME

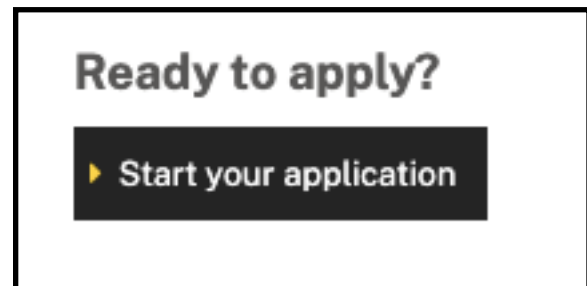

Now the user will be warned before leaving the page.

# • CODE PIECE 2

## (a) CURRENT CODE SNIPPET

```
<a href="https://dalonline.dal.ca/PROD/bwskalog.P_DispLoginNon"
style="float:left;">Start your application</a>
```

## (b) CURRENT OUTCOME

On clicking the "Start your application" it loads the https://dalonline.dal.ca/PROD/bwskalog.P_DispLoginNon directly.

## (c) DESIRED OUTCOME

## (d) MODIFIED CODE SNIPPET

```html
<a href="https://dalonline.dal.ca/PROD/bwskalog.P_DispLoginNon"
onclick="WarningFunction()" style="float:left;">Start your application</a>

<script type="text/javascript">
    function WarningFunction(){
        alert('You are about to start your application for Undergraduate
studies. Click "ok" to continue')
    }
</script>
```

## (e) FINAL OUTCOME

**This page says**

You are about to start your application for Undergraduate studies.
Click 'ok' to continue

OK
